Linda and Jim have given me as a Father's Day gift about the fanciest Journal that I have ever seen and I know that I need to be writing in it. This day is a milestone in my life - I had my first tooth cavity. It was in the only wisdom tooth that ever came through my gums. Surely a sign of old age. Mike and I run the weed sprayer today. Mike is a good worker and I like to work with him. Sometimes it isn't too easy to get him to the job but when he gets there, he is a hard worker. I love Mike.

June said she was talking to Jan Carroll. Jan made mention of the Patriarchal Blessing that was given to her daughter Shelle. They were so pleased and mentioned a health condition that Shelle had that I was not aware of. I am glad that I knew nothing of it because it might have had an effect on the blessing. I shall always pray that the blessings I give are the Lord's blessings and not mine.

Yesterday was my sister Iris' birthday. Oliver has one coming up on the 12th.

Today is 7/7/77. In another 11 years, one month and one day we will have 8/8/88. How's that for something to think about.
